DAYCARE PROGRAM

Ages 18 months-5 years

Roosevelt Children's Center (RCC) offers daycare services for children ages 18 months to 5 years of age. RCC's daycare is licensed by the NYS Office of Children and Family Services.

The primary purpose of the daycare program is to provide parents needed daycare at an affordable option with staff who are trained to meet the special needs of the children who attend. We provide a safe and happy environment for the children to learn, play and grow to their maximum potential. Children receive a high quality, developmentally appropriate toddler/preschool program that is designed to support social, emotional and academic readiness so that youngsters are able to transition to school at age five with confidence and ease.
